What is Wimba Classroom?

Wimba Classroom is a fully-featured, synchronous virtual classroom solution with audio, video, application sharing, and content display capabilities.

Its pedagogically-based design and ease-of-use ensure that educators and students interact as if they are meeting face-to-face.

Sound Check

Can you hear the presenter?

if you hear the presenter

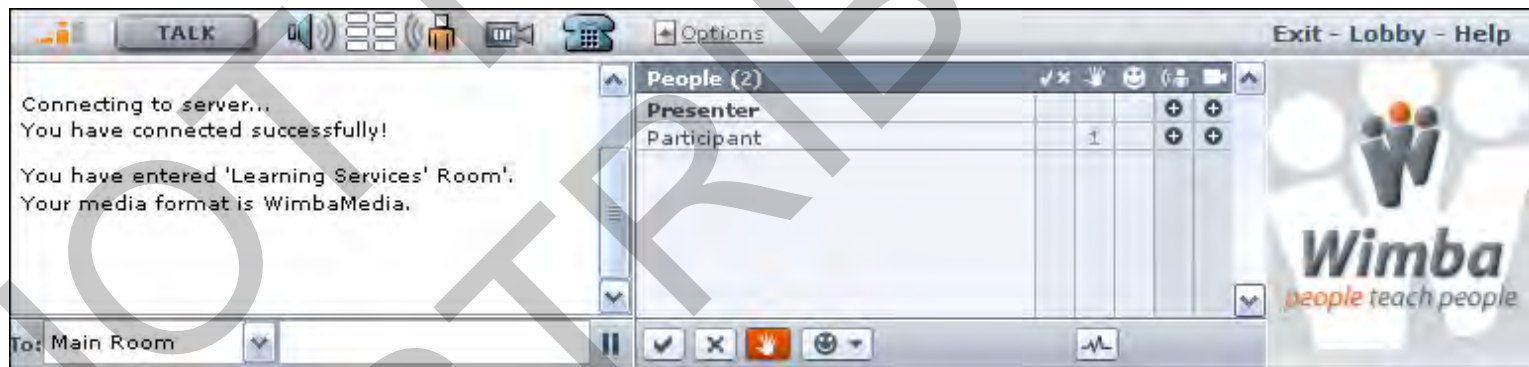

if you cannot hear the presenter

Tip for Presenters: Click the Options Menu, then select your audio input.

Asking Questions

Use the Hand Raise button , or type a question in the Text Chat Area
